### DETAILED ACTION

1. Claims 1,2 and 6-11 are allowed.
2. The following is a quotation of the second paragraph of 35 U.S.C. 112:  

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claims 3-5 and 12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 3 is indefinite because it recites "several inlet holes (2)" without any correlation to the "at least one inlet hole (2)" previously recited in claim 1. Claim 4 is indefinite because there is no direct antecedent basis for the recitations of "the wall (8)" and "the two end sides (3,5)" in claim 1. Claim 5 is indefinite because there is no direct antecedent basis for the recitation of "the end side (5)" in claim 1. Claim 12 is indefinite because when the word "preferably" is used, it is not known whether the broad range of 1/8-1/128 of an inch" or the more specific "1/32-1/64 of an inch" is necessary to meet this claim.
4. Claims 3-5 and 12 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. The references listed on both the PTO-1449 and the PTO-892 show art of interest only, over which the claims define allowable subject matter.
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert H. Spitzer whose telephone number is (571) 272-1167. The examiner can normally be reached on Monday-Thursday from (5:30AM-4:00PM).
